

## I'm a Raven (Shake Children)

Hiss Golden Messenger

Shake, children, shake  
Yeah, ring your bell  
Go down willing  
There's thunder up ahead  
Shake, children, shake  
Shake your tambourine  
Dance for me now  
Like you sold your dream

If I had wings like the dove, like the dove  
Maybe I could see it as a peaceful world  
But hey, I'm afraid I'm a raven

Shake, baby, shake  
My little roving jewel  
Rally come 'round  
My little sunshine girl  
Shake, baby, shake  
That black country down  
I beg your mercy, sister  
For the fool that wears the crown

If I had wings like the dove, like the dove  
Maybe I could see it as a peaceful world  
But hey, I'm afraid I'm a raven

Yonder comes day with the full moon in her eye  
I liked the old ways, those mystical times  
For blue though they seemed, I sang so easy  
Lord, how I loved the outlaw life

Shake, children, shake  
Shake your soul  
Please break the chain  
I could not this time around
