

Time Down The Wind

Hiss Golden Messenger

Everywhere I go they say where have you been
We ain't seen you around since we don't know when
It seems like only yesterday, thought we'd never see you again
You tell me that there's no such place as far away
Things ain't changed too much around here anyway
As far as we go back together
You think there'd be so much more to say

But it's all over now
It's all over now
You can't go back again
It's all over now
It's all over now my friend

I might try my luck upstate
Or head down to Baltimore
When that weather breaks
We won't have to wait

Everywhere I go they say where have you been
It's good to see you finally come back home again
It seems like only yesterday
You were making time down the wind

But it's all over now
It's all over now
You can't go back again
It's all over now
It's all over now
It's all over now my friend
You can't go back again
