

Watch Out for the Cannonball

Hiss Golden Messenger

Only thing I had was information
Only thing I had, I did not own
The truth is like a wheel, truth like a weapon
The truth is that we're here, and then we're gone

Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Watch out for the cannon ball

I step into the stage, incandescent
I step into the light, I begin to fall
In time I become like an apparition
And she would have me be a ring of gold

Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Watch out for the cannon ball... Watch out

The moon was in the sky, the sun was sinking
No ports are going by, anymore
I go into the night with a quickness
I go into the night a ring of gold

Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Woah woah oh, watch out for the cannonball
Watch out for the cannon ball
