Hit the Lights

Don't take another step until you decide What it is that you want and, where you're sleeping tonight It's no skin off my back or bones, If you wanna go home then just say so... Just say so... Let go, of all that we've had You know we've been down this road before Pack your bags, dry your eyes It's a long walk from my house to 309 Cry all you like kid, It's no secret you faked it And it's, no skin off my back or bones, If you wanna go home then just say so... Just say so... Let go, of all that we've had You know we've been down this road before Pack your bags, dry your eyes It's a long walk from my house to 309 By the way that your eyes Travel to the floor when you tell a lie Like the way that your eyes Travel to the floor when you tell a lie By the way that your eyes (your eyes, disguise, the way you sev er ties) Travel to the floor when you tell a lie Like the way that your eyes (your eyes, disguise, the way you s ever ties) Travel to the floor when you tell a lie... Like right now Yeah! Let go, of all that we've had You know we've been down this road before Pack your bags, dry your eyes It's a long walk from my house to 309
