

# Believe In Me

## Hit the Lights

I know you don't believe in me  
And I don't give a...

Just let me say I've got plenty of reasons  
To ditch all this bullshit to leave it behind  
But honestly every time that I give up  
I end up back in it just better with age

Just get it started follow my lead  
Head bob and weave to flow to feel  
That pulse that's pumping through me  
Bang your fucking head until it bleeds  
To all opposed before you go  
I got one thing left to say I know  
(I know you don't believe in me)

And I don't give a fuck what you heard about me  
I'm in it till the end and I'm never gonna leave  
Everybody talks a big game  
I'm not gonna play the same way  
I never gave a damn what you thought back then  
Say I need to quit hell I've never known when  
It's all the same  
I know you don't believe  
And I don't give a...

So count on me to be the reason for heathens  
To spit on your gospel to leave you to die  
I've made my peace, found a friend in a devil  
Who lived on my back, helped me climb up from Hell

I'm not scared to fall or take a leap  
Know where I need to be not losing sleep  
I know I'm on it  
Failure's necessary to succeed  
Set the goal devise the road  
Focus all your energy and go

Cause I don't give a fuck what you heard about me  
I'm in it till the end and I'm never gonna leave  
Everybody talks a big game  
I'm not gonna play the same way  
No I never gave a damn what you thought back then  
Say I need to quit hell I've never known when  
It's all the same  
I know you don't believe  
And I don't give a fuck what you heard about me  
I'm in it till the end and I'm never gonna leave  
Everybody talks a big game  
I'm not gonna play the same way  
I never gave a damn what you thought back then  
Say I need to quit hell I've never known when  
It's all the same  
I know you don't believe  
And I don't give a fuck
