

It's All The Rage

Hit the Lights

We are, we are, we are
Exactly what you want to be
Where you've been and what you've done mean nothing

You said you wanted out,
But now you wanna go
You said you had a doubt,
But now you think you know
You are, you are, you are
About getting low

You said you wanted out,
But now you wanna go
You said you had a doubt,
But now you think you know
You are, you are, you are
About getting low

You're dying for anything brand new
Hate feeling cheap,
But you love being used
You want out, but you take the abuse
'Cause it's all you know

We are, we are, we are
Exactly what you want to be
Where you've been and what you've done mean nothing

Tear the nails from your finger tips
And smear the blood across your lips
'Cause it's all the rage
With all the kids back home

While we wrap our blood around our wrists
Decorate the walls with our fists
Live life like it's hit or miss whoa

You're dying for anything brand new
Hate feeling cheap,
But you love being used
You want out, but you take the abuse
'Cause it's all you know

You're dying for anything brand new
Hate feeling cheap,
But you love being used
You want out, but you take the abuse
'Cause it's all you know

We are, we are, we are
Exactly what you want to be
Where you've been and what you've done mean nothing

(We are!)

Exactly what you want to be
Where you've been and what you've done mean nothing

You said you wanted out,
But now you wanna go
You said you had a doubt,
But now you think you know
You are, you are, you are
About getting low

You're dying for anything brand new
Hate feeling cheap,
But you love being used
You want out, but you take the abuse
'Cause it's all you know

We are, we are, we are
Exactly what you want to be
Where you've been and what you've done mean nothing

(We are!)

Exactly what you want to be
Where you've been and what you've done mean nothing
Where you've been and what you've done mean nothing
Where you've been and what you've done mean nothing
To me
