

# Winter Moon

Hoagy Carmichael

Winter moon  
Up there alone  
In the sky  
All I can hear  
Is the word  
Goodbye  
Winter moon  
Do you recall  
A night in June?  
Where is love's magic?  
Where has it gone?

Has it gone like the summertime  
That we  
Us to know  
Winter moon  
Up there alone  
In the sky  
Are you as lonely  
Tonight  
As I?
