

I Will Be Murdered (4 Minutes of Horror)

Hocico

I walk with the dead everyday
There's a price on my head
Another day I will pay for all the evil I did

I've been walking like a dead man
I'm a shadow walking the streets
I've been walking like a dead man
And I feel ...

I will be murdered and you'll never cry for me at all!
I will be murdered! You'll forget about me
I will be ... murdered

I will be murdered and you'll never cry for me at all!
I will be murdered! You'll forget about me
I will be murdered! I'll become pure dust
I will be murdered and you all will smile
I will be ... murdered

I call your name in my sleep
I smell the death every single day
Are you my killer? Are you my bird of prey?

I've been walking like a dead man
I'm a shadow walking the streets
I've been walking like a dead man
And I feel ...

I will be murdered and you'll never cry for me at all!
I will be murdered! You'll forget about me
I will be murdered! I'll become pure dust
I will be murdered and you all will smile
I will be ... murdered
