

Everybody's talking
I can't hear them but
I know what they're saying
Know what they're saying
Conversations spark up from
The war paint on their face
Paint on their face

The band's ignored as the
Kids get bored and
It's always the same
Day after day
I lose all hope as you
Stumble to the strokes
And it's always the case
Day after day

And I don't want you
I don't want you

And I don't want you
I don't want you

Everybody's walking
I can't tell what they love or hate
Love or hate
Conversations
Staying grey is the
Name of the game
Name of the game

The shirts get worn
As the monsters are born
And it's always the case
It's always the same
As they smoke they are
Trying not to choke
And it's always the case
Day after day

And I don't want you
I don't want you

And I don't want you
I don't want you

And I don't want you
I don't want you

And I don't want you
I don't want you
