

# Whatever

**Hockey Dad**

When I'm 'fine'  
I just need some time  
To straighten out my life  
And take back what's mine

When It's my night  
But I don't feel right  
I just can't decide  
If I will survive  
Tell me some lies  
So I'll spend the night  
Make me feel bright  
Just like a light

But I don't feel right  
I just can't decide  
If I will survive
