

# Hit So Hard

Hole

Put me up above the boy  
The one I love I should destroy  
My sweet tooth has burned a hole  
Forget about it all

He hit so hard  
I saw stars  
He hit so hard  
I saw God

He's cold give him a candycoat  
He can't swim but he can float  
One by one they all fall down  
I look at him and drown

He hit so hard  
I saw stars  
He hit so hard  
I saw God

I saw God  
Just one big shiny flash  
God  
You're secret's safe tonight  
God  
So much, so much to lose  
God  
So glad that we're alive

He's so candy my downfall  
Melts in my mouth, 'til he's nothing at all  
This keeps me, I can't sleep  
He rages to be true

He hit so hard  
I saw stars  
He hit so hard  
I saw God

I saw God  
Just one big shiny flash  
God  
Oh set me straight tonight  
God  
Look at the pretty lights  
God

Oh, man, he hit so hard  
I saw stars  
He hit so hard  
I saw God  
I saw God
