Hole

She's a bimbo playing on the damn phone

I can really fuck you up, yeah
Because I'm the demon buttercup
You have to spit to see the shine
I see the carcass in your eyes

Before I go to sleep Get it away from me

See the demon whore has eyes Well, everything you look at dies I gotta run up the phone bill Because I'm a loser buttercup, uh-huh

Before I fall in too Baby, I don't owe you

I could really suck you in And you'll never see the light again I gotta run up your phone bill Because I'm a loser buttercup, uh-huh

Oh, I just want more Baby, I just get bored
