Like Every Time Before

The Hollies

If you'd only realise I'd been happy with you once before Can't you let it be the same and more Without you fightin' me, fightin' me

If you could only look into my eyes Then you would see the truth within them lies That I am trying hard to bring us back together

You try so hard to complicate our love But underneath it all it's pride my love That's hurting us and keeping us apart

If you'd only realise I'd been happy with you once before Can't you let it be the same and more Without you fightin' me, fightin' me

If you'd only realise I'd been happy with you once before Can't you let it be the same and more Without you fightin' me, fightin' me

I start to wonder if it's worth it all But then I look at you and start to fall In love again like every time before Umm in love again like every time before Oh in love again like every time before
