Please Don't Feel Too Bad

The Hollies

Please don't feel too bad because I'm leaving
I'm coming home again to you
And when I go away I know you're grieving
Although you know that I'll be true

I'm wondering what to do to make you know you're mine
I'll take you in my arms and then all will be fine

And when I'm away from you you know I'll miss you
I want to feel your tender touch
And when I'm feeling blue I want to kiss you
I stay away from you too much

Please don't feel too bad because I'm leaving
I'm coming home again to you
And when I go away I know you're grieving
Although you know that I'll be true

Whoa whoa yeah too much
Yeah yeah yeah too much
Whoa whoa whoa too much
