

To You My Love

The Hollies

Since you took my heart
I can give you everything
So I'll give my everything
To you my love

As we're far apart
I will send my all to you
And I'll send my whole life too
To you my love

Long to be near you and hold you and kiss you my sweet
When I am with you I know that my life is complete

Now I'm coming home
Coming back to give my love
To the one I'm dreaming of
To you my love

To you my love
To you my love
