

# What's Wrong with the Way I Live

The Hollies

What's wrong with the way I live  
The way I use my time  
People should live their lives  
Leaving me to mine, leaving me to mine

I'm a man who is defending  
All his rights to live in peace  
And my job is never ending for me

Ever since I was a young man  
People tried to get at me  
Tried to bring me down and hurt me  
And I'm losing, losing

What's wrong with the way I live  
The way I use my time  
People should live their lives  
Leaving me to mine, leaving me to mine

They persist in rearranging  
All my days to suit them best  
But the future will be changing for me

I'm a man who is defending  
All his rights to live in peace  
And my job is never ending  
But they're losing, losing

What's wrong with the way I live  
The way I use my time  
People should live their lives  
Leaving me to mine, leaving me to mine

And they're losing
