

# You Love 'Cos You Like It

The Hollies

You love 'cos you like it  
You like it because you're loving me  
You touch 'cos you like it  
You like it because you're touching me  
You kiss 'cos you like it  
You like it because you're kissing me  
You hold 'cos you like it  
You like it because you're holding me

When we first met some time ago,  
I didn't know what it'd be like  
Just because I'd been hurt before,  
I didn't know it could work out,  
I didn't know it could work out  
I got something to shout

You love 'cos you like it  
You like it because you're loving me  
You kiss 'cos you like it  
You like it because you're kissing me

It came so easily  
Now I don't want to be free  
'Cos something in my heart  
Tells me I wanna be a part of you

You love 'cos you like it  
You like it because you're loving me  
You kiss 'cos you like it  
You like it because you're kissing me
