

Evermore

Hollow Coves

I felt it from the start
It grew inside my heart
It changed me from that day
This love I can't contain

I waited for a sign
So patient and divine
For fate was on our side
That day I came to find

That you are all
I was hoping for
It's you I'll call
My evermore

The garden as our home
A place where we can grow
You're planted in my soul
To nurture and to hold

'Cause you are all
I was hoping for
It's you I'll call
My evermore

'Cause you are all
I was hoping for
It's you I'll call
My evermore
