

Left alone  
I am forced to stare at my reflection  
No longer able to hide so here's my confession  
Though I fear there is nothing left to save  
It's been ripped away

How can I choose  
When I thought that I needed you?  
Just to move along in search of something new  
And still I fight to feel  
All of this is very real

You can't save me from who I've become  
A mere shadow of my (fucking) self  
Breaking down from the inside out  
I will never be the same again

And I remember  
The first time I looked into your eyes  
I knew right then you'd be my wife  
Somehow we lost each other  
But I thought we'd be together forever  
Now there's an emptiness inside  
One I must live with all my life

Do you know how it feels to be empty?  
Do you know how it feels to be all alone?

Look what you've done  
You tore my heart out and held it out in front of me  
If only to show the world how heartless you could be  
After all these years you've lied to my face  
Waiting for someone to come and take my place

(After all these years you've lied to my face waiting for someone to come and take my fucking place)

And I remember  
The first time I looked into your eyes  
I knew right then you'd be my wife  
Somehow we lost each other  
But I thought we'd be together forever  
Now there's an emptiness inside  
One I must live with all my life
