

## Lost Boy

## Hollow Front

I gave you everything  
And you threw it all away  
As if I meant nothing

You're the cancer beneath my skin  
I swear that I'll never let you win  
It just goes to show  
Up is the only direction left to go

I've lost my mind  
Trying to find a moment in time  
A place where I can reconnect  
When I'm no longer held against my will  
Shackled to these memories I have of you  
I've lost my fucking mind  
Searching for the reasons why I wasn't good enough  
How could I be so blind?  
After all the fucking shit you put me through

And now I'm six feet underground  
And I'm starting to drown  
Beneath the weight of every mistake that I've ever made  
Struggling to pick up pieces  
As I claw my way back to the surface  
Will I ever be myself again?  
So fucking tell me  
Will I ever feel that safe again?

I gave you everything  
And you threw it all away  
As if I meant nothing  
Was I just another trophy on your shelf?  
You're the cancer beneath my skin  
I swear that I'll never let you win  
It just goes to show  
Up is the only direction left to go

You only have one life to live  
So make it count  
There's always room for second chances  
Just gotta learn to pick yourself back up

This is the path that I've chosen  
And I refuse to be one of the broken  
A generation of damaged souls

We are the lost  
We are the broke and unsettled  
Hide behind the words you won't say to me  
Try and erase memories I can't escape  
The reason for all my hate?  
Forgiveness is for the weak  
A plague planted within my mind  
The feeling hollows me  
But I'll sleep soundly at night  
Knowing karma will be bittersweet

We are lost  
And I don't ever think we'll be found  
And now I know how it feels  
To be so close to the edge  
I'm afraid that I'm never coming back  
Unless I can learn to forgive  
But I can never forget  
I tried to forgive you  
I swear I've tried  
But I've got nothing left inside to give

I gave you everything  
And you threw it all away  
As if I meant nothing  
Was I just another trophy on your shelf?  
You're the cancer beneath my skin  
I swear that I'll never let you win  
It just goes to show  
Up is the only direction left to go

I've lost my mind  
I feel the hate inside  
It's growing deeper everyday  
The last piece of me dies  
You watch it fall and rot away
