

## Ghosts

Holly Cole

Stay with me for a little while  
You've nowhere to go, I've nowhere to go  
Makes me so happy when you smile at me

Work all your life, you end up with nothing  
Live in one room like a bum  
Once I flew in a plane and I fought in the war  
I lived in a castle but I slept on the floor  
And I don't want to be all alone anymore  
I'm sorry

Out in the street, the colored kids playing  
Where my own little boy used to play  
So I sit in this chair and I ache with the gout  
Or I talk to myself cause I'm scared to go out  
I just want to know what was it all about?  
I'm sorry
