

# Into Your Room

Holly Humberstone

I will run after your moving car  
And I will follow you, hmm, you're my northern star

So don't drive away (Don't you leave it like that, no)  
You don't know how much I need you  
Yeah, I feel the weight, it's crushing me (When you leave me so sad,  
no)  
I hate to think how bad I treated you, oh yeah

So maybe take me into your room  
Without you my soul is eternally doomed  
You're the centre of this universe  
My sorry ass revolves around you  
(Yeah, yeah) Yeah  
No, I can't do without you

I'm throwing stones at your window to get you to notice me  
Don't make me stand outside in the pouring rain  
With a freshly-ripped human heart from my ribcage and a boom-box  
How pathetic, babe

So don't turn away (Don't you leave it like that, no)  
You must know how much I need you, need you  
Yeah, I can feel your pain (I'm in love with your sad soul)  
I hate to think how bad I treated you  
But I know a place where the darkness can't reach us

Maybe take me into your room  
Without you my soul is eternally doomed  
You're the centre of this universe  
My sorry ass revolves around you  
(Yeah, yeah, yeah) Yeah  
No, I can't do without you  
Oh  
Oh  
No, I can't do without you, baby

Maybe take me into your room  
Without you my soul is eternally doomed  
You're the centre of this universe  
My sorry ass revolves around you, you  
(And again)

Maybe take me into your room  
Without you my soul is eternally doomed  
You're the centre of this universe  
My sorry ass revolves around you  
(Yeah, yeah, yeah) Yeah  
No, I can't do without you
