

Hush Now

Holly Valance

Boy we've been talking
'Bout this and that
I like it fine but
I love the strife
Here's my suggestion
Don't need no words
Get on your feet and if you see
Breathe deep and follow me

I wanna see you working what you got
'Cos that's how I like it
That's how I wanna last it on and on
Are you ready or not?

Touch down
Zip it
Don't stop moving your body on the dancefloor
Flip it
Rock that so phat
You're shaking on the dancefloor
Now dip it
Feel your base bass
You move across the dancefloor
Zip it
'Cos that ain't what you came here for

Oh oh
Oh oh

So no talk but baby
Don't take offense
'Cos we're on the same vibe
Boy when we dance
Your body language
No need for words
You'll do me good
And it's understood
I feel your need

I wanna see you working what you got
'Cos that's how I like it
That's how I wanna last it on and on
Are you ready or not?

Touch down
Zip it
Don't stop moving your body on the dancefloor
Flip it
Rock that so phat
You're shaking on the dancefloor
Now dip it
Feel your base bass
You move across the dancefloor
Zip it
'Cos that ain't what you came here for

Touch down

Zip it
Don't stop moving your body on the dancefloor
Flip it
Rock that so phat
You're shaking on the dancefloor
Now dip it
Feel your base bass
You move across the dancefloor
Zip it
'Cos that ain't what you came here for

Touch down
Zip it
Flip it
Rock it
Let me hit it
On the dancefloor
Hush now
Zip it
Flip it
Rock it
Let me hit it
On the dancefloor

Whoa
I wanna see you working what you got
'Cos that's how I like it
That's how I wanna last it on and on
Are you ready or not?

Touch down
Zip it
Don't stop moving your body on the dancefloor
Flip it
Rock that so phat
You're shaking on the dancefloor
Now dip it
Feel your base bass
You move across the dancefloor
Zip it
'Cos that ain't what you came here for

Touch down
Zip it
Don't stop moving your body on the dancefloor
(Move your body on the dancefloor)
Flip it
Rock that so phat
You're shaking on the dancefloor
Now dip it
Feel your base bass
You move across the dancefloor
Zip it
'Cos that ain't what you came here for

Hush now
Zip it
Flip it
Rock it
Let me hit it
On the dancefloor
Hush now
Zip it

Flip it
Rock it
Let me hit it
On the dancefloor
