

Dreaming

Hollyn

Everybody has a dream
Finding pieces as they sleep
Oh I've wanted
To find mine and love it

Somehow I get lost again
Fighting with the make pretend
And now I'm runnin'
But I can't outrun it

The break of dawn now
Is filtering in
Showing secrets
They've been keepin'
Me from dreamin'
I need to let you back in

So take control now
I'm tired
I'm spent
I know I've been thinking too much

One by one I've counted sheep
Trying to just to find my feet
Then all a sudden
I'm on the summit

Holding onto Someone's hand
Looking up and knowing then
That I'm wanted
You tell me I'm something

And I don't know how
This story will end
But I've been thinkin'
It's better if we're together
I need to let you back in

So take control now
I'm tired
I'm spent
I know I've been thinkin' too much

I've been thinkin' too much
Quiet in my mind, oh
Oh, just let it go now
Mmm just let it out

This is how it all begins
Opening my heart again
This is how it all begins
Opening my heart again

This is how it all begins (I know I've been thinkin' too much)
Opening my heart again
This is how it all begins (I know I've been thinkin' too much)
Opening my heart again, oh

This is how it all begins (I know I've been thinkin' too much)
Opening my heart again
Ooh, this is how it all begins (I know I've been thinkin' too much)
Opening my heart again, opening my heart again
