

# Gone

Hollyn

Hiding from the light  
For so long  
I don't wanna let it go  
Tell me what you want my love  
Everything I need is gone  
And I'll go, I'll go, I'll go  
I'll go, I'll go, I'll go, I'll go

Waking up in the morning  
Trying to piece it together  
And I know that it's tempting  
Hiding away from the weather

The season's changing outside  
Getting a little colder  
Nowhere I would rather be  
Lying on your shoulder  
All that I need from you is  
All that I need from you is  
This moment

Say you want me around  
Even though I'm talking back slow  
Talking back slow  
And you don't wanna leave me alone  
I know that you won't

I just wanna know  
That you're with me  
Know that you love me  
You'll never leave me  
'Cause I really need you the most  
Don't let go  
Don't let go  
Don't let go  
Keep me close  
Keep me close yeah

I just wanna know  
That you're with me  
Know that you love me  
You'll never leave me  
'Cause I really need you the most  
Don't let go  
Don't let go  
Don't let go  
Keep me close  
Keep me close yeah

Hiding from the light  
For so long  
I don't wanna let it go  
Tell me what you want my love  
Everything I need is gone  
And I'll go, I'll go, I'll go  
I'll go, I'll go, I'll go, I'll go

Said you want me around  
But this time to work it back slow  
Work it back it slow  
But then I got this  
Feeling in my chest  
Oh my  
Feeling in my head

And I don't understand  
Why it's gotta be so complicated  
Tryna be at home with you is underrated  
I don't  
I don't understand this weight

Say you want me around  
Even though I'm talking back slow  
Talking back slow  
And you don't wanna leave me alone  
I know that you won't

Said I'd never leave you nor forsake you  
Baby girl shame you always blame me  
I'm on your side I thought you knew  
Sometimes I'm thinking that you hate me  
Can we start again and make it new  
Don't you know the things I'd do for you  
10 times out of ten ooh ooh  
I'd die every time for you  
For the 1 left the 99  
'Cause you know I'd walk a thousand miles  
Never let a moment pass you by  
Where you don't feel I'm on your side  
Trust me baby trust me  
I know that you're worried  
Hold on I ain't going nowhere  
Stay here with me

Hold up wait look at dis right here  
We don't gotta be moved by fear  
I won't lie I'm staying sincere  
Come here girl lemme wipe them tears  
I'll be martin you be my correeta  
Got that slipper you my Cinderella  
Hold you close keep you warm like sweater  
I know what you on  
Just know we go together

I just wanna know  
That you're with me  
Know that you love me  
You'll never leave me  
'Cause I really need you the most  
Don't let go  
Don't let go  
Don't let go  
Keep me close  
Keep me close yeah

I just wanna know  
That you're with me  
Know that you love me  
You'll never leave me  
'Cause I really need you the most

Don't let go  
Don't let go  
Don't let go  
Keep me close  
Keep me close yeah

Hiding from the light  
For so long  
I don't wanna let it go  
Tell me what you want my love  
Everything I need is gone  
And I'll go, I'll go, I'll go  
I'll go, I'll go, I'll go, I'll go
