

# Lovely

Hollyn

They say picture perfect  
Filter do your thing  
They floatin' lies  
Make this young girl doubt what she think  
Not showing enough, not sexy enough, no way  
Too dark, too light for us  
Nah, that look ain't gon' play

Words are bouncin' round my head  
I can't stop their echoin'  
Trippin' on that negative

But You call me lovely  
You say I'm wonderfully made  
Your river floods me  
Your words feel like a serenade  
I love that You are thinkin' of me  
All of those voices fade away  
When You call me lovely  
Lovely

Lovely, You call me lovely  
You call me lovely  
And I'ma soak in it  
And I'ma soak in it  
And I'ma soak in it

No I ain't even gonna fake it  
Don't wanna leave without no make-up  
This ain't made up  
When I ain't made up  
Always wonderin' what they thinkin'  
So afraid of what they sayin'  
When I ain't fixed up  
Got me mixed up

Words are bouncin' round my head  
I can't stop their echoin'  
Trippin' on that negative

But You call me lovely  
You say I'm wonderfully made  
Your river floods me  
Your words feel like a serenade  
I love that You are thinkin' of me  
All of those voices fade away  
When You call me lovely  
Lovely

And I'ma soak in it  
And I'ma soak in it  
And I'ma soak in it  
The way You love me  
The way You know me  
The way You always got the time for me  
I'ma soak in it  
I'ma soak in it

The way You see me  
The way You keep me  
And I know that I don't make it easy  
I'ma soak in it  
I'ma soak in it

I'ma soak in it  
I'ma soak in it

You call me lovely  
You say I'm wonderfully made  
Your river floods me  
Your words feel like a serenade  
I love that You are thinkin' of me  
All of those voices fade away  
When You call me lovely  
Lovely...
