

Waiting For

Hollyn

Rolled in like a fresh breeze
Pretty sure you were feeling me
Could you see my heart skip a beat
Tell me boy did you see me stumble when my knees got weak?

Took me to a place I wasn't ready for
Showed me things in me that I just can't ignore
Everything about us was a perfect storm
But it's all clear now

How could I think that you were
How could I think that you were
How could I think that you were
All I've been waiting for?
How could I think that you were
How could I think that you were
How could I think that you were
All I've been waiting for?

No I don't want need no more time, no more time
To think about it
I just want this over and done
I'm done with it
I don't wanna see you no more
Standin' on my doorstep
Keepin' score
Standin' on my doorstep
Trying to do us again
No, no, no, no, no
I can't do us again

How could I think that you were
How could I think that you were
How could I think that you were
All I've been waiting for?
How could I think that you were
How could I think that you were
How could I think that you were
All I've been waiting for?

Baby I'm alright
It's all in perfect timing
I know I'll be alright
The sun will keep on shinin'
Baby I'm alright
It's all in perfect timing
I know I'll be alright
The sun will keep on shinin'
