

## Where Do I Go

Hollyn

Not sure how to say this  
But I'm not feeling okay  
I think things would be better  
If I just drove you away

So I'll hold it in silence  
I won't let it be a burden weighing you down  
I need someone to talk to and I'm not sure if I can figure it out

Where do I go?  
When all that's left is my sadness  
When all I feel is a hole  
And who do I turn to?  
When life isn't kind?  
I've been needing a lover  
A moment of solace  
I don't have to try

Oh I don't wanna think twice  
If you love me or hate me  
Makes me sick to my stomach  
To think that I told you too much, too soon

Oh yeah maybe I'm immature  
In the way I process things in my heartache  
Can you blame me at all?  
You know my story, my love  
You wanna bring me to tears?

Where do I go?  
I'm slowly relearning how to let you back in  
How to start again  
And who do I turn to?  
When all I've known is abandon  
Oh I'd let you inside but there's a storm in my heart  
Let you know when it lifts  
Need to tell someone this  
Oh oh oh oh oh
