

Where's Christmas?

Hollywood Ending

It's Christmas time again,
I'm hanging with my friends,
The snowfall in that side,
Oh how will we survive

Back when I was five,
I felt much more alive,
With my gifts under the tree,
I was fired up, but this year I'm on the naughty list,
We're clenching up our fists,
Why's everyone so p****d,
Oh yeah,
This year I'm just gonna sit here,
And pucker up my lips under the mistletoe

It's Christmas,
Can we miss this year,
I'm out of Christmas cheer,
Wish I could disappear,
This Christmas,
Don't want a gift this year,
I threw my stocking away,
Santa's my dad anyway,
Where's Christmas?

I'm walking through the mall,
As people start to brall,
I can't wait in this line,
Might as well be doing time,
A little girl's miserable,
About the 1D doll,
She's sat on santas lap,
And that kid just took a crap, yeah,
We're onto a sack here,
Christmas the real whack,
Just want the feeling back, oh yeah,
This year my dad is on his fifth beer,
Almost hit a reindeer,
On the way back home

It's Christmas,
Can we miss this year,
I'm out of Christmas cheer,
Wish I could disappear,
This Christmas,
Don't want a gift this year,
I threw my stocking away,
Santa's my dad anyway,
Where's Christmas?

Where's Christmas?
Where did we go wrong?
All the love is gone,
Who are all these people standing on my lawn singing the same old Christmas
song so wrong,
Christmas is gone

Until next year,
I'm tryna do my beat here,
So let me make myself clear,
We're just having fun

Its Christmas,
So feel the place this year,
Tryna find Christmas cheer,
Oh, and it disappeared this christmas,
Let's give a gift this year,
Put all your troubles away,
Clean out your fireplace,
This Christmas!
