

## Can't Go Wrong With You

Holocaust

I am almost twice your age - I look up to you,  
And when I do I become a shooting star!  
I adore you, I adore you,  
I love your style, learn by your example...  
Whatever else I mess up I can't go wrong with you,  
Your love and courage tell me I can't go wrong with you.

I'd love to meet ya, love to greet ya,  
But in truth that doesn't mean so very much to me,  
So long as you are in this world,  
Doing what you're doing, saying what you're saying.  
I adore you, I adore you,  
I love your style, learn by your example...  
Whatever else I mess up I can't go wrong with you,  
Your love and courage tell me I can't go wrong with you.

One by one, two by two, three by three... to infinity...  
My subconscious was ripped open by my own true Self,  
When I truly felt you in my heart,  
I just wanna thank you from there.

When I see all the changes that have taken place inside of me,  
All because of you,  
What else can I do?!  
I just wanna say how I feel about you,  
I adore you, I adore you,  
I love your style, learn by your example...  
Whatever else I mess up I can't go wrong with you,  
Your love and courage tell me I can't go wrong with you.  
I cannot go wrong with you.
