

Lady Babalon

Holocaust

I give to you my lifeblood,
My destiny belongs to you,
Without you there is no form,
The holy grail is in your hand
Lady Babylon, Lady Babylon.

You bring me to life and I am yours,
You bring me to death,
Reforming the whoredom despised...
Well, it's the existence of every despiser.
Lady Babylon, Lady Babylon.

Even in the abyss I hear her call,
Even in the abyss I feel her call,
I AM her call!

Summer is a-comin' in, summer is a-comin' in...
Summer is a-comin' in - hail!

Lady Babylon, Lady Babylon
