

# Predator

## Holocaust

Come and get me,  
Before I get you!

If there is no way to make you notice,  
Then I shall hide in your mind,

I am a predator  
For your dirty, dirty love,  
I am the ecstasy of your body.

Come and get me!

Pulsating reflex - your pungent desire,  
All conjured by the force of life,

I am a predator  
For your dirty, dirty love,  
I am the ecstasy of your body.

There can be more of you,  
There can be more of me too,  
We can make it happen, baby...

I am a predator  
For your dirty, dirty love,  
I am the ecstasy of your body.

Come and get me...
