

I wanna leave while the world attacks us
I want now know what the wall holds back and
I wanna feel but you can't feel that
But you can't feel that, but you can't feel that
I wanna read from the minds of masters
I wanna go to the ending faster
I wanna be but you can't be that and
I wanna know where the bottom's at

Did I see you that night?
Do I fear you? And you're right

Feel the ripe ones now
Feel the ripe ones now

I wanna see what the sightless dream of
I wanna know what I can't conceive of
I wanna speak but you can't say that
But you can't say that, but you can't say that
I but you can't say that feel how it feels believing
But you can't say that believe the words have meaning
I wanna be but you can't be that
But you can't be that, but you can't be that

Feel the ripe ones now
Feel the ripe ones now
Feel the ripe ones now
Feel the ripe ones now

(But you could knock me out)
I was alone but I could make it
If it were true, it's complicated
I wish I knew what people wanted for me
(But you could knock me out)
I was alone but I could make it
If it were true, it's complicated
I wish I knew what people wanted for me, for me, for me, for me, for me
(But you could knock me out)
I was alone but I could make it
If it were true, it's complicated
I wish I knew what people wanted for me, for me, for me, for me, for me
(But you could knock me out)
I was alone but I could make it
If it were true, it's complicated
I wish I knew what people wanted for me, for me, for me, for me, for me
(But you could knock me out)

You can't find me out
(Restless, restless, restless soul)
You can't find me out
You can't find me out
(Restless, restless, restless soul)
You can't find me out
