Paces#1

Holy Holy

I don't wanna make you happy
I don't wanna stay the ride
I don't wanna make you want me again
I don't wanna say forever
I don't wanna stay despite
I don't wanna leave you wanting, tonight

Even this mangy love
As only survives on
The pieces, the beast will dine
On what we provide

But I don't wanna lead you nowhere
I don't wanna follow you
I don't wanna make you love me again
Again, again

We creep around when you can't find love
And we lie in the space that you both came from
And if you hide when the call came back
Then we know that you just won't sleep without us
We pick a night when the sky goes black
And we watch for the time you leave in silence
You should know that it won't take much
We could go you would love for the year to come but

I don't wanna make you different
I don't wanna make you lie
I don't wanna make you love me
I don't wanna make you right

Oh-oh
Won't you leave it out
Won't you leave your doubts
Won't you find it all
Oh-oh
Won't you leave it out
Won't you leave your doubts
Won't you find it all
Oh-oh
Oh-oh
Oh-oh
