

Ready

Holy Holy

Hey, I'm in the car
And my hair's still wet
Man, my day was fucked
And I wanna get laid out

Oh, damn tell me about it
It was never ending
Wanna hear about it
You know I'm just leaving now

Text me when you get there
We can meet inside
Hope you wanna dance
'Cause I need you there tonight
Tonight

Now I'm ready
Now I'm ready
Ready to dance
And take my chances
Now I'm ready
Now I'm ready
Ready to see
If I control this dream

I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna feel
Wanna feel alright

Okay, I'm at the bar
Will I get you something?

Yes, you're the best
Just a gin and tonic
Wow, what a crowd

Hey, hey where are you?
I think my phone is dying

This place is a trip
Is a bar worth trying now?

Now I'm ready
Now I'm ready
Ready to dance
And take my chances
Now I'm ready
Now I'm ready
Ready to see
If I control this dream

I just wanna stay

Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna feel
Wanna feel alright
I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna feel
Wanna feel alright

Hey, hey so you know, don't wait up for me
I think I'm gonna crash with a friend you see
Don't think I'll make back here before you leave
It got dumb late kinda suddenly

Hey, hey so you know where the key is left
And I can feel the bass beating in my chest
I go where I go when the lights go out
And I flew like a dove when I felt like that

Now I'm ready
Now I'm ready
Ready to dance
And take my chances
Now I'm ready
Now I'm ready
Ready to see
If I control this dream

I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna feel
Wanna feel alright
I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna stay
Wanna stay all night
I just wanna feel
Wanna feel alright
