

Teach Me About Dying

Holy Holy

Rain in the street light
Which door is yours?
Warm in the hallway
You took my, you took my
Hand me a glass then
Something from Spain
I said I could taste it
But I don't know, I don't know

Music is playing
Don't I know this song?
I feel like dancing

And maybe I, maybe I might
'Cause I feel a, I feel alive

So teach me about dying (ah-ah)
Show me how it feels (ah-ah)
Teach me about dying (ah-ah)
So I can learn how to live
So I can learn how to live

It's getting late now
A quarter to three
Can't get a car here
I can walk, I can walk
The rain's getting heavy
The road is the sea
Soaked to the bone now

And I am a boat in the night
I feel a, I feel alive
I am alone at first light
And I feel a, I feel alive

So teach me about dying (ah-ah)
Show me how it feels (ah-ah)
Teach me about dying (ah-ah)
So I can learn how to live

(Teach him about dying and teach him about-ah dying, dying)
(Teach him about dying and teach him about-ah dying, dying)
So I can learn how to live
(Teach him about dying and teach him about-ah dying, dying)
(Teach him about dying and teach him about-ah dying, dying)
So I can learn how to live
(Teach him about dying and teach him about-ah dying, dying)
(Teach him about dying and teach him about-ah dying, dying)
So I can learn how to live
(Teach him about dying and teach him about-ah dying, dying)
(Teach him about dying and teach him about-ah dying, dying)
So, so teach me about dying
(Teach him about dying and teach him about-ah dying, dying) ah-ah
(Teach him about dying and teach him about-ah dying, dying)
Show me how it feels
(Teach him about dying and teach him about-ah dying, dying) ah-ah
(Teach him about dying and teach him about-ah dying, dying)

(Teach him about dying and teach him about-ah dying, dying) ooh...
(Teach him about dying and teach him about-ah dying, dying)
So I can learn how to live
So I can learn how to live
So I can learn how to live
