

# Bloodbound Of The Damned

Holy Moses

Signed in blood to seal the pact  
To face the tears of rain and thunder  
What it means to me, I can feel inside  
No trust in no one was my only rule  
'till I found true passion in believing in you

Bloodbound of the damned  
It's our fate, only we will decide  
Bloodbound of the damned  
It's our fate, together we will survive

I worked so hard to reach my ideal  
Tomorrow we will rise, look around you  
No one really cares, it's hard to believe  
Together we will make it, against your lies  
Oh yes, life is pain and they took what we gave

Bloodbound of the damned  
It's our fate, only we will decide  
Bloodbound of the damned  
It's our fate, together we will survive

You don't know us, we'll fight for it  
We will full fill your need and drill in your mind  
The blood in our veins has a strong device  
This passion you cannot control by yourself  
We laugh 'bout your try to dominate our life

Bloodbound of the damned  
It's our fate, only we will decide  
Bloodbound of the damned  
It's our fate, together we will survive

Bloodbound of the damned  
It's our fate, only we will decide  
Bloodbound of the damned  
It's our fate, together we will survive
