

## Devils Dancer

Holy Moses

Coming out of nowhere  
Moving like a ghost  
Look into black eyes  
It's the one you love most

Devil's dancer - he's alive  
Devil's dancer - he's alive

Take a lot of speed  
Distant staring at your face  
Playing with a devil's dancer  
You know a wolf is on your trace

White horse in stardust  
A whisper of the rainbow  
You know you'll ride the tiger  
The world shivers by a sudden blow

Black wizards on the way  
The raven turns the spell  
Take another life  
And heaven turns to hell

Devil's dancer - he's alive  
Devil's dancer - he's alive
