

Upon Your Tongue

Holy Moses

Get out your pen and paper
Show that your life goes straighter
You got enough from this shit
Piss on my door so that it fits

Upon your tongue - You are done
Pull the plug - Try to fuck

If it helps you with your plan
Like another cause of boil
Pain and problems in your mind
Saved outside and left behind

Upon your tongue - You are done
Kill the will - Beat it still

Be a part of war and pain
Pictured as a hungry man
Tell me, can you feel the heat
When you try to drop me deep

Upon your tongue - You are done
Kill the will - Beat it still
