

# Timeless

Home Free

Hey baby the world keeps changing  
I like the dirt but they want to pave it  
In the blink of an eye  
I barely recognize my home town

But baby you got that throw back smile  
Classic beautiful driving me wild  
The best things always seem to stick around, yeah  
(Hey hey hey!)

Like a fifty-seven Chevy in the front drive  
Needle dropping on a vinyl spinning forty five  
Jimmy Page on a Gibson 1969  
(That's what it is) baby we're timeless  
Friday night lights  
And Homecoming queens  
Backyard BBQ  
Ripped blue jeans  
July fireworks every time you kiss me  
(That's what it is) baby we're timeless

(Baby we're timeless)

I know that your worth holding on to  
Cause I'll never find another one of you  
Our love is forever and all night  
Till the end of time!  
(Hey hey hey!)

Like a fifty seven Chevy in the front drive  
Needle dropping on a vinyl spinning forty five  
Jimmy Page on a Gibson 1969  
(That's what it is) baby we're timeless  
Friday night lights  
And Homecoming queens  
Backyard BBQ  
Ripped blue jeans  
July fireworks every time you kiss me  
(That's what it is) baby we're timeless

(Baby we're timeless)

Can't take the sugar out of sweet tea  
Can't take the freedom from the free  
Can't take the you from me

Like a fifty seven Chevy in the front drive  
Needle dropping on a vinyl spinning forty five  
Jimmy Page on a Gibson 1969  
(That's what it is) baby we're timeless  
Friday night lights  
And homecoming queens  
Backyard BBQ  
Ripped blue jeans  
July fireworks every time you kiss me  
(That's what it is) baby we're timeless  
...

You and me baby...
