## Honey Cocaine

[Hook:]

Tick, ticking down your love like a one time  
No handcuffs, boy I'm ready for it  
Go and get yours I'ma get mine  
Don't forget me baby, please don't forget me baby  
Once I get a mill I'ma settle down  
Once I get a deal I'ma settle down

Are you saying I never settle?  
Daddy used to say I was a rebel  
First place I ain't even got a medal  
I'm a diamond, now I'm looking for a pebble  
Fast lane hit the pedal yo  
Now you got me on a pedestal  
You just sweating boy you better go  
Now I ain't fucking all the niggas go  
For real, dog  
So please don't feel no type away  
Cause I cannot say without no price to pay  
On top of my shit like the ice in og  
I'm chasing the vandals like no lights and spades  
Ask me if I missed you made you sometime  
Tryina stuff me up but you ain't ready for it  
I am fin to be winning on the frontline  
Running for your love like I got a warrant

[Hook]

Look out how I've been running all day  
I'm burning that creme like brule  
Babe you left your gun at my place  
Come over I come on your face  
I twist up a blow we can blow  
You hungry let's jump in the golf  
We pull up to Timmy's get eggs and some bacon  
The niggas who fakin get turned into toads  
He wanna fuck with the queen  
Cause I got them knots in my dreams  
So now he ain't worried bout me  
He fall back and watch me all scream  
Big bucks sweet blocks yeah I'm headed for  
No I won't forget you baby, I'ma see won't give up  
When we ready for it  
Know that I'ma be your baby
