

Are You Impressed?

Honey Revenge

Sure I could be doing more
But I could be doing less
Used to going overboard
And if I had to take a guess

Never been too proud
I've always been too loud to ignore
My mouth's a mess
Now being annoying comes with reward
And everyone's impressed
Are you impressed?
Are you impressed?

Forever tryna please you but I can't
Following the leader? Not a chance
Coming down with a fever
Treat her, I'm doing my best
Are you impressed?
Forever tryna please you but I can't
Following the leader? Not a chance
Coming down with a fever
Treat her, I'm doing my best
Are you impressed?
Are you impressed?

Lost sight of what I'm working toward
It's the same shit, different day
Battles I have fought before
Will they ever go my way?

Never been too proud
I've always been too loud to ignore
My mouth's a mess
Had enough of the drama and now I'm bored
Or maybe I'm depressed
Are you impressed?
Are you impressed?

Forever tryna please you but I can't
Following the leader? Not a chance
Coming down with a fever
Treat her, I'm doing my best
Are you impressed?
Forever tryna please you but I can't
Following the leader? Not a chance
Coming down with a fever
Treat her, I'm doing my best
Are you impressed?

Are you impressed?
Are you impressed?

Forever tryna please you but I can't
Following the leader? Not a chance
Coming down with a fever
Treat her, I'm doing my best
Are you impressed?

Forever tryna please you but I can't
Following the leader? Not a chance
Coming down with a fever
Treat her, I'm doing my best!
Are you impressed?
