### Honeymoon Suite

She's the crime of the century  
Don't look now  
I just gotta act naturally somehow  
She got the move, she got the shake  
A diamond in the rough  
Nothing but trouble in a tight dress  
But, babe, ya got the right stuff  
I'm your ace in the hole  
The king of cool  
Gonna strut my walking stick right over  
And slip it in your groove, oh, yeah

Gonna get next to you  
So come on over  
Gonna get next to you

I'm a high ballin' night stalker  
A super tramp  
A tail spinnin' diabolical mind  
Gonna give you everything you want  
And everything you need  
Just show me your garden, baby  
And let me plant the seed  
I'll be your dancin' fool  
Play it touch and go  
I only want the best you got  
'Cause, baby, I know, oh, yeah

Gonna get next to you  
So come on over  
Gonna get next to you  
Next to you

I'm your ace in the hole  
The king of cool  
Gonna strut my walking stick right over  
And slip it in your groove, oh, yeah

Gonna get next to you  
So come on over  
Gonna get next to you  
Next to you

So come on over  
Gonna get next to you  
So come on over  
Gonna get next to you  
Next to you

So come on over  
Gonna get next to you  
Come on over  
Gonna get next to you  
So come on over
