

Ordinary

Honeymoon Suite

Something 'bout this town, nobody hangs around
People all look the same, waste away the day
Never doing nothing, never saying what they mean
And I gotta wonder what's out there waiting
For me, out somewhere

So far, so far I ain't seen nothing to make me stay
Don't wanna be just ordinary, I can't give myself away

Gonna put a lot of miles between them and me
Gonna take a lot of hurt to make them see
I give it everything, nothing in return
But I got the kind of hope that just won't fade away
To somewhere, to sometime

So far, so far I ain't seen nothing to make me stay
Don't wanna be just ordinary, I can't give myself away

Someday I might go back and see how things have changed
See what time has done to faces and the names
Still doing nothing, never saying what they mean

So far, so far I ain't seen nothing to make me stay
Don't wanna be just ordinary, I can't give myself away
So far, so far I ain't seen nothing to make me stay
Don't wanna be just ordinary, I can't give myself, give myself
away

So far I ain't seen nothing at all
Don't wanna be just ordinary
So far I ain't seen nothing at all
Don't wanna be just ordinary
So far I ain't seen nothing at all
So far I ain't seen nothing at all
So far I ain't seen nothing at all
So far I ain't seen nothing...
