

Stay This Time

Honeymoon Suite

(It's a love divided
Two oceans apart
For love divided
It's a love divided
It's a love divided
Love divided)

Watched it come
And I watched you go
Had you in my hands
But I didn't know
Played the fool
Many times
Had to win
Full of pride
I had a good thing I couldn't hold

Don't want a love divided
I need to know
Right now it's all mine
I can't go on undecided
Let's make it last
We need another night
So stay this time

(It's a love divided
Two oceans apart
For love divided
It's a love divided
It's a love divided
Love divided)

Watched it go
Let it fly
Spinnin' around
Like a satellite
Played the fool
Many times
Had to win
Full of pride

Don't want a love divided
I need to know
Right now it's all mine
I can't go on undecided
Let's make it last
We need another night
So stay this time

Stay this time
Stay this time

Don't want a love divided
I need to know
Right now it's all mine
I can't go on undecided
Let's make it last

We need another night
So stay this time
Stay this time

It's a love divided
It's a love divided
