

# Those Were the Days

## Honeymoon Suite

I looked away  
Did not know how to say  
How it feels to be alone  
You've never known  
How it feels to have no one  
I've come undone  
Come undone  
Those were the days  
Memories fading away  
Growing concern  
Life's lessons sometimes learned  
Sitting, waiting for the day  
When the pain goes away  
Broken heart will slowly mend  
'Til it's broken again  
Broken again

Those were the days  
Memories fading away  
Love was a game  
We never played the same  
Sitting, waiting all alone  
You've never known  
Broken heart will slowly mend  
'Til it's broken again  
Broken again

Those were the days  
Memories fading away  
Love was a game  
We never played the same  
Sitting, waiting all alone  
You've never known  
Broken heart will slowly mend  
'Til it's broken again  
Broken again

Those were the days  
Memories fading away  
Love was a game  
We never played the same

Sitting, waiting all alone  
You've never known  
Broken heart will slowly mend  
'Til it's broken again  
Broken again
