

# I Don't Know

Honeyz

My heart still breaks, can't you understand my tears still fall  
?

My head still aches, each time we talk. (each time we talk)

My eyes still see, everything that has been going on.

cause my love for you, is still so strong.

I don't always know where the road will lead, gotta understand  
that it's alright.

Always there for you, you've been there for me.

And I still wonder why

[Chorus]

I don't know, you don't know, we don't know

Don't know where we're going.

But, we'll find our way together.

We'll make it through whatever.

I don't know, you don't know, we don't know

Don't know where we're going.

But, we'll find a way to make it through.

Just me and you

(Me and you, me and you, oh. Me and you, me and you, oh.)

My prayers were heard, from the moment that I held you close.

Felt heaven on earth, touch my soul. (touch my soul)

And even though you caused me pain, you know I wouldn't change  
one thing.

cause after all we've been through, my love for you, won't fade  
away.

I don't always know where the road will lead, gotta understand  
that it's alright.

Always there for you, you've been there for me.

And I still wonder why

[Chorus: x4]
