

BIKE

Honne

Early-morning Saturday
Birds are calling out my name
And they're telling me to leave my bed
Drink a coffee for my head

Cereal and radio
Mr sun saying hello
And I pick some clothes from my wardrobe
Get the bike from out the shed

Let the wheels go 'round and 'round
I'm pulling up at your house
And I say nervously
"Come and take a ride with me."

I like like riding my bike
You behind holding me tight
Ain't nothing ever felt so right
With you I could do this all day and all night

I like the sun on my face
Feeling your hands on my waist
Ain't nothing ever felt so right
With you I could do this all day and all night

B I K E
Won't you come and take a ride with me?
B I K E
Come and take ride with me

Now we're going 'round the park
Hearing all the doggies bark
And the kids with plasters on their knees
Playing hide and seek

Let the wheels go 'round and 'round
The pedals go up and down
As I speed up you scream
I love it when you ride with me

I like like riding my bike
You behind holding me tight
Ain't nothing ever felt so right
With you I could do this all day and all night

I like the sun on my face
Feeling your hands on my waist
Ain't nothing ever felt so right
With you I could do this all day and all night

B I K E
Won't you come and take a ride with me?
B I K E
Come and take ride with me

And suddenly the ground beneath us disappears
We're floating up above the trees

It's magic like we've never seen
There's always magic when you're next to me

I like like riding my bike
You behind holding me tight
Ain't nothing ever felt so right
With you I could do this all day and all night

I like the sun on my face
Feeling your hands on my waist
Ain't nothing ever felt so right
With you I could do this all day and all night

B I K E
Won't you come and take a ride with me?
B I K E
Come and take ride with me

B I K E
Won't you come and take a ride with me?
B I K E
Come and take ride with me
