

BACK ON TOP

Honne

It's your love that always gets me back on top

I've been tryna think of all your negatives
But I can't think of one
Then I go and line up all your benefits
And they stretch around the sun

'Cause I hear music when you're next to me
There's a sweetness in the air I breathe
And you put me at ease
Every time you're touching me

It's your love that always gets me back on top
And it's your love that always makes me feel enough
And I knew on the day I met you, that you would save my life
It's your love that always gets me back on top

One step closer to you
Is one less moment feeling blue
One second more with you
I could light up the entire room

'Cause I'm in sunshine when you're next to me
And all the birds sing in harmony
You put me at ease
Every time you're touching me

It's your love that always gets me back on top
And it's your love that always makes me feel enough
And I knew on the day I met you, that you would save my life
It's your love that always gets me back on top

Just like a rocket into outer space
I go from lower into upper case
And if you're standing at the finish line
Then I will always come in first place
And I swear, I'm walking on air

It's your love that always gets me back on top
And it's your love that always makes me feel enough
And I knew on the day I met you, that you would save my life
It's your love, oh baby yeah it's your love
It's your love that always gets me back on top
