

DANCING ON A CLOUD

Honne

Let me take you through the moment
When I worked out you're the one
I was feeling hopeless
But then you hit me like a home run
Living in the shadows
And now it feels like I'm in full sun
And If love was a game I've won

I do I do I do
Take you take you take you
To be my morning, noon, and night
And I knew I knew I knew
That you that you that you
Would show me dizzying heights

And I'll be dancing on a cloud
Thirty-thousand feet above the ground
'Cause that's how I feel when you're around
I'll be dancing on the cloud
Thirty-thousand feet above the ground
'Cause that's how I feel when you're around
I don't, I don't, I don't wanna get down

I feel light-headed
Is it 'cause I'm way up high
Or maybe it's 'cause you said
I could be your guy
I was living in the shadows
But now I'm floating in the sky
Love is a game you should try
At least once in your life

I do I do I do
Take you take you take you
To be my morning, noon, and night
And I knew I knew I knew
That you that you that you
Would show me dizzying heights (yeah that's right)

I'll be dancing on a cloud
Thirty-thousand feet above the ground
'Cause that's how I feel when you're around
I'll be dancing on the cloud
Thirty-thousand feet above the ground
'Cause that's how I feel when you're around
I don't, I don't, I don't wanna get down

I'm not afraid to admit this
I'm lucky to call you mine
I'm on no cumulonimbus
I'm up on cloud nine
And as long as I've got you beside me
I know that I'll be fine
Right now
Until the end of time

I do I do I do

Take you take you take you
To be my morning, noon, and night
And I knew I knew I knew
That you that you that you
Would show me dizzying heights (yeah that's right)

I'll be dancing on a cloud
Thirty-thousand feet above the ground
'Cause that's how I feel when you're around
I'll be dancing on the cloud
Thirty-thousand feet above the ground
'Cause that's how I feel when you're around
I don't, I don't, I don't wanna get down
